

Honmachi Oribe Street Guide Map (10min. Walk from Tajimi Station)

From Meiji to early Showa, Honmachi flourished as Tajimi's center commerce. At that time, Minoware wholesale pottery shops lined the streets of Honmachi town. Horse-drawn carriages and rickshaws, carrying Minoware to cities all over Japan, passed through Honmachi regularly. Even nowadays, we can see a shadow of former days in the architecture of sake breweries and merchant homes in Honmachi.

Please enjoy shopping, traditional cuisine and the retro atmosphere of ORIBE STREET starting from TAJIMI SOUZOUKAN.
